SHADOW
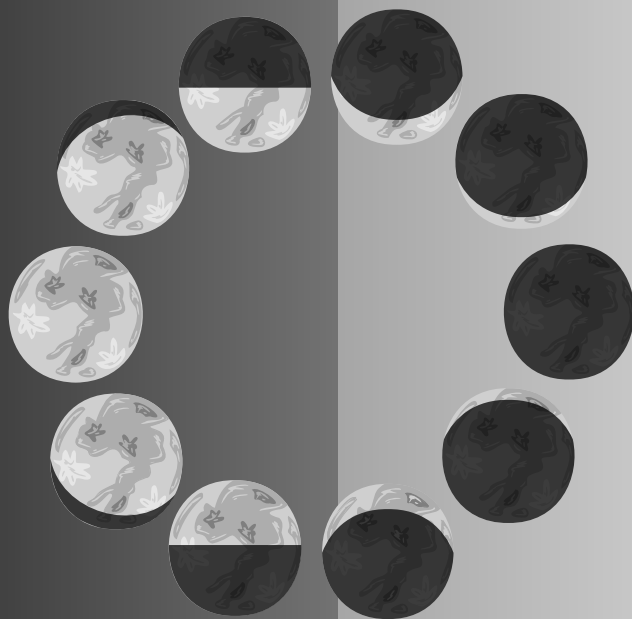

BASICLY EXCLUSIVE

Our new model is a Young Room, unsimilar to any design in the market; SHADOW. We first introduced this desing in January2024 Istanbul Furniture Fair. It was a premature that days but we fixed every point with care and here is the final product.

Its main color is greyish brown; as secondary we are using a striped version of main color. Its gaining a good momentum after we delivered it to our showrooms, people who wants to be unique and bored of standard colors of existing models are choosing this model.

Shadow wardrobe is coming with a moduler structure and corner module like our latest models. 3-2-1 section and corner cabinets with tempered glass or wooden door selection ensures that the customers always find a way to fit the wardrobe into their rooms and designs.

The wardrobe doors includes a full height anodized special colored aluminum handle which completes the slick design. And tempered glass doors come with a full special colored aluminum frame. Like all our wardrobes all of the doors in Shadow also includes 4 hinges and 2 of them are soft close mechanism. Doors will be in perfect shape how hard you close them.

One extra issue is the LED tubes in the wardrobes. All wardrobe cabinets includes LED in side panels with motion sensors on top panel, so when you open any door, the LED will lighten inside of the wardrobe. This premium feature provides a great attraction to end customers. The hanger bars are also special colored aluminum, rectangular shape premium items.

With Shadow set we are offering a bookcase same height of the wardrobe, so when you place the bookcase near the wardrobe you have a new module as an half open cabinet to your wardrobe; and you can also add a "narrow block" same height of the wardrobe so you can create lots of shelving space in area of 1 door wardrobe.

The wardrobe also can be customized with an extra drawer module. Drawer module can be used in 2 door and 3 door cabinets.

The Study Desk of Shadow has a slick and simple design with 2 slowclose drawers with special colored aluminum handles and 2 storage areas at the back of the desk.

Wall Panel of the desk, cabinet with sliding doors and open cabinet can be add to the module separately. This individual modules will be mounted on wall, wall mounting fittings included in packages.

Shodow Bed indicates the simple design of the set too. 100/120x200cm are the mattress sizes. The headboard comes with a touch to open LED light; which is 4 level adjustable. So you can both use this LED as a dimm nightlight and also a reading light and we also have a Type-C charging port which is up to 1Amp power for charging your phone etc.

Bed can be equipped with a pull out bed which is 90x190cm in size. And there is also Storage Bed options with 100/120x200 cm sizes. Storage Bed also has the basic style. It offers extra bulk storage space for the bedroom.

The headboard's connection holes are suitable for two side mounting; so you can adjust the LED/Charging Port to be on Left or Right side.

Bed side table comes with a high back panel, and 2 metal racks to help hanging up accessories. It also has 2 drawers with slow close mechanism. The handle of the drawers are same with other modules; special coloured aluminum.

Dresser of shadow keeps the simple look with 3 drawers. These drawers also includes slow close mechanism and special colored aluminum handle for a clean look. Dresser mirror also comes with LED stripe at back of the mirror panel. And the look of the mirror is exclusive.

As a conclusion; Shadow Set is a total combination of noncustomery items connecting together via many exclusive sub pieces.

The simple design of this set has a sharp look, while its eyes friendly color turns it into a smooth furniture set.

It can serve every bit of custom produced parts as Glass Doors, LED tubes and lights, charging port, anodized aluminum handles and anadized aluminum hanging bars.

A timeless design, from the best craftmanship avaible and made from the top tier materials; Shadow set is ready to have its own reputation.
